Things we did before could never be told no way

Or else we would end up in jail

2. This Morning

Woke up early this morning
With a song in my head
Woke up early this morning
Got out of bed
Grab a pen and a paper
Then started to write
My story must be heard

Birds kept singing sweet sweet songs
Call and response communication
Donkeys braying horses nickering too
Nature is communicating naturally

How about you my neighbor
How do you do
Did you have a good rest last night
How about you my neighbor
What do you say
Did you have good dreams last night

Good good vibe this morning
Still in my head
A good good vibe this morning

BOOGIE BROWN PRODUCTIONS

Are you still in bed
Put a smile on your face
Have a nice day and
Give a little light to the people we meet

Woke up early this morning
With a song in my head
Woke up early this morning
Got out of bed
Grab a pen and a paper
Then started to write
My story must be heard

3. Waiting

Sometimes I'm strong sometimes I'm weak
And I'm not mad about it
What I give is what I seek
And in the end what do I learn
I learn to trust myself and pay attention
To my intuition
Who say if you're out of sight you're out of mind
Tell I who said it

I wait and wait from the morning
Straight on through till the evening
I stay up late till the crack of dawn
It's another day I say
I'm gonna keep my calm
That's enough till another day
I'm gonna rest rest to face another day
It's enough and I'm gonna rest
Till the morning yeah

BOOGIE BROWN PRODUCTIONS

Oh yes I wait from the morning
Straight on through till the evening
Day by day it's the same thing
If I had wings I would fly
To your sweet sweet heart where I belong
I'm remembering

Absence makes the heart grow fonder
Makes I ponder makes I wonder why is it needed
Absence makes the heart grow fonder
Makes I ponder makes I wonder why
And I'm so fond of you for I this is needed
I pray for faith health and strength to carry on yeah on yeah on yeah
I'm weak oh please forgive me

I sit and watch bird flying by
Breeze blowing through the summer sky
You sent I love from across the ocean oh
I wanna fly
To your sweet sweet heart where I belong
Night and day
I wanna stay right there where I belong
Still I'm remembering

Come home where you belong
Hope I'm not waiting in vain
How long must I wait how long
Oh another day ooh another day

And I'm waiting and waiting and waiting
For ever and ever
It seems like for ever
I'm waiting
I'm still waiting

4. No Justice

Sammy and his friends went out to play in the park then
On their return Sammy got shot and was pronounced dead
They were simply going home to their stead when
Officer Crown shot Sammy down in cold blood he said

That's what you get for not doing what I say
That's what you get oh I want to know
For a law man is that a reason to shoot a civilian
Why tell I why oh why oh why it seems

There's no justice at all oh I say
No justice at all I want to know
Why officer Crown didn't get indicted and charged for his action
Why tell I why oh why oh why hey

Sammy and his friends went out to play in the park then
On their return Sammy got shot and was pronounced dead
They were simply going home to their stead when
Officer Crown shot Sammy down in cold blood

Too much power in the hands of the ignorant
Too much power in the hands of the belligerent
Too much power in the hands of the incompetent
Too much power in their hands of entitlement
People are saying
There's no justice at all yes we are saying
No justice at all still we want to know
Why officer Crown didn't get indicted and charged for his action
Why tell I why oh why oh why hey

There's no justice at all
