1. The Blame Game

Don't get stuck in a rut stuck in a rut
Don't get stuck in a rut stuck in a rut
Playing the blame game
That dirty old game
Playing the blame game
That same old game
Stop playing the blame game yaah
Oh that dirty old game

Don't get stuck in a rut stuck in a rut
Don't get stuck in a rut stuck in a rut
Playing the blame game
That dirty old game
Playing the blame game
That same old game
Stop playing the blame game now
That dirty old game

Always pointing at someone else
And not at ourselves
Will only per long the wrong that's been done
With no one responsible
Stop awhile look awhile listen awhile think awhile sometimes
See how we always try to run away
Away from ourselves

Don't get stuck in a rut stuck in a rut
Don't get stuck in a rut stuck in a rut
Playing the blame game
That dirty old game
Playing the blame game
That same old game
Stop playing the blame game yaah

Oh that dirty old game

This little message take it quick
There's no time to loose
This little message take it quick
There's no time to snooze
Let's pray for the wisdom to choose
Between right and wrong
If we want to carry on
We've got to be strong

Don't get stuck in a rut stuck in a rut
Don't get stuck in a rut stuck in a rut
Playing the blame game
That dirty old game
Playing the blame game
That same old game
Stop playing the blame game now
Hey that dirty old game

Trouble doesn't always give warning
Like the dark clouds that gather before the summer rain
Trouble never always very charming
Like spots of light on a hill from the evening sun

Don't get stuck in a rut stuck in a rut
Don't get stuck in a rut stuck in a rut
Playing the blame game
That dirty old game
Playing the blame game
That same old game
Stop playing the blame game yaah
Yes that dirty old game

Before you had a gun
Do you remember the sound of the trees
The flowers and the bees in the forest

Mister Hunter do you remember
Before you had to run
Do you remember when everyone you meet
Use to be a friend

Now it's all in your head
Fear and despair
Said it's all in your head
Jah is love and he's forgiving

It's all in your head
Fear and despair
Said it's all in your head
Forgive yourself if you're willing

Embrace your destiny
Embrace your history
Embrace your legacy
Get it right by tomorrow

Enjoy the miracles
Enjoy the mysteries
Enjoy the genesis
Make it right by tomorrow

Open your eyes if you want to see now
And you will see
Uncover your ears if you want to hear now
And you will hear

Mister Hunter do you remember
The sound of happiness
Do you remember when everyone you meet
Use to be a friend

4. Poor Nana

Hey poor nana
Hey poor nana

She pray every day work with no pay
She pray every day to find a better way
She pray every day pray with passion yeah
She pray every day this is what she say

She say stop the insanity
Wants gone out of control
She say stop the insanity
Too many empty souls

Together we'll stand
Divided we'll fall
Why can't we understand that
Life is for one and all

Let's chase the devil away
From our doorstep
Chase him far away

Come by yah ooh ooh ohh
Come by yah you will feel the love
Come by yah and when you do
Then you will know Jah love
Ooh ooh ooh ooh

The people that are in control they seem to have no soul
To hold and keep the power they treat us way too cold
But we wont lose our mind we wont be unkind
Cause they're only for a while and soon
Dem a go run run run
Ooh ooh ooh ooh

No wach dem an' dem guns and dem blood money
No watch dem an' dem bombs creating dem own agony
No watch dem an' dem plastic smile soon be out of style
Cause they're only for a while and soon
Dem a go run run run
Ooh ooh ooh ooh

Come by yah you will feel the love
Come by yah ooh ooh ooh
Come by yah you will feel the love
Come by yah and when you do
Then you will know Jah love

6. Another Party

Babylon keep another party and we're not there
Babylon keep another party and we're not there
Babylon keep another party and we're not there
Yes them keep another party and we're not there

Deciding our lives behind our back
Just like they always do
Selfish decisions they've made a lot
But hey nothing is new

They call us minority but we're the majority

BOOGIE BROWN PRODUCTIONS

Their fun would be done if we turn on the light
Then everyone could see
How they trick us and rob us of our dignity
But we won't lose ourselves
Yes they trick us and call it solidarity
No we won't lose ourselves

Who is gonna pay for a bad job done
Who is gonna say I'm responsible
For the tears of the innocent man
For the cheers of the evil one
Who is gonna pay
Who is gonna pay
They trick us and rob us of our dignity
But we won't lose ourselves
Yes they trick us and call it solidarity
Still we won't lose ourselves

7. Wi No Know It

We don't know the answer to all the questions
We don't know the solution to all the problems oh no
Some of us think that we know everything and therefore
We have the right to make all the rules
Some of us think that we know everything and more
And so we have the right to break all the rules
But what life is worth
Wi no know it yet
Wi no know it yet
Wi no know it yet
Wi no know it yet

Bad intention no good direction confusion and I'm not satisfy
Bad invention too much corruption conclusion I'm not satisfy
Satisfaction won't come until there's no need no need no need to cry
Satisfaction won't come until still still still I've got to try

Long time wi a get warning and we take no heed
Long time wi a get spanking planting greed seed
Long time struggling screaming too late to retreat
Long time coming global warming who will take the heat
Wi no know it yet
Wi no know it yet
Wi no know it yet
Wi no know it yet
