1. Rocky Road

Trodding night and day on life's rocky road
It's a humpy dumpy bumpy rocky road
Rain or sunshine on life's rocky road
It's a humpy dumpy bumpy rocky road
Rich and poor on the same road together
Weak or strong we're swimming the same waters
Oh mighty redeemer bless my soul
Give I the strength to carry on
Oh kind master bless my soul
Give I the courage to carry on
Trodding night and day on life's rocky road
It's a gusty dusty rusty rocky road
Rain or sunshine on life's rocky road
It's a ugly funky scary rocky road
It's a hard road to travel
And a very long way to go
I'm willing and I'm able
Where Jah leads me I will follow (chorus)
All I've got is my dreams
All I've got is my dreams
And one day they'll come through
Say we trodding night and day
On life's rocky road
Rocky rocky road on and on and on we go
On and on and on and on we go

Decide your destiny
No need to worry
Sing a song with me
Oh brother music
Makes me feel so good inside
Oh sister rhythm
Give me joy and peace within

Just like the rainbow
I color my mind
Just like a weeping willow
Stands against the wind
And every time I hear the mix
I have to get my fix
So high so high
Like a eagle in the sky
Come on and dance
You'll feel no pain
Let your heart be free
Happiness you'll gain
No need to be lonely
Decide your destiny
No need to worry
Sing a song with me
This is a story
This is a song
Sweet harmony
All night long
And every time I hear the mix
I have to get my fix
So high so high
Like a eagle in the sky

3. New Old Song

I'll never run away
I won't give up the fight
I'll never go astray
I won't give up the fight
Though sometimes feeling gray
I won't give up the fight
Oh no not at all
Freedom is a must
And a that we truly lust
Freedom is a must
So no bother make no fuss
Freedom is a must

Don't get caught in the rush
Freedom is a must
Cause we won't give up at all
True love is hard to find
And that's reality
So don't perplex yourself
If you're not guilty
Jah will see you through
Prejudice intolerance and hate
What's the reason
So many lessons to be learnt
In every season
Jah will see you through
Don't let evil eyes
Kill the child within you
Don't let greediness
Capture your soul and defile you
Do you remember when we used to be
Just like a river that runs free
Break down the barriers
Break down the barriers
Break them down
Break them down
Break them down
Oh mash them down

5. Nah Forget Mi Roots

Mi nah forget mi roots
Mi nah forget mi roots
I won't forget mi roots
I'll never forget mi roots
Oh no bongo
No congo
A who sold mama
A who sold papa
Two sides to the coin
The seller and the buyer
Let's talk about it
Let's talk about it
Many years of history
Much things have gone wrong
It's no mystery why we just
Can't get along
Let's talk about it
Let's talk about it
Judas sold Christ for thirty

Pieces of silver... Judas
Told his brothers and sisters
That the ride would be fun on the
Water...Judas
A problem can't be solved
If we push it under the rug
We've got to talk about it talk about it
Can't treat a problem like a lifeless bug
We need to talk about it
Let's talk about it
Never see smoke without fire
Can't swim if there's no water
What goes up must come down
What goes around comes around
Follow the sound
Too much wars and rumours of war
In our little world our little world
Who is to blame for the many gang bangs
In our little towns our little towns
A problem can't be solved
If we push it under the rug
We've got to talk about it talk about it
Can't treat a problem like a lifeless bug
We need to talk about it
Let's talk about it
Hey you man in the mirror
Don't be afraid of tomorrow
Just remember that blood follows vein
And in every vein blood means the same

Nobody cares
Must we fight the devil's war
Killing one another near and far
Grandma wept cause she've lost
Her only son
Must we fight flesh and blood
Why can't we live in peace and love
Grandpa wept cause he've lose
His only son

11. We Shall Overcome

Over and over again and again
Mek we sing these freedom songs
Over and over again and again
Mek we sing these freedom songs
Over and over again and again
Mek we sing them one by one
Over and over again and again
Mek we sing these freedom songs
As high as as the mountain
As cool as the breeze
We shall overcome
Sometimes hard as a rock
But no matter what I say
We shall overcome
You cheated the poor
Gave us your less for more

The man next door is your brother
Just like that person in the mirror
You and I reflect one another
How long shall we run from the truth
Yes we can run but we can't hide
Oh no no no no no
No me without you
No you without me just like a team
Me for you
And you for me
The way we ought to be no in between
What's the use of a telephone if nothing
is at the other end
It's time we realized that no one no one
stands alone
Sky's the limit and we ain't gonna stop
Some way some how we've got to unite
Love's without measure
Sweeter than a lollipop
Come on come on down and take a bite
Go tell it to the town
Go tell it all around
But please remember now
Oh please remember that
Seasons come and seasons go
Just like the water flows when it rains
There's much to be achieved
If only we believe in you and me
Let your feelings go
Let the rhythm flow
Where it may
Freedom comes from deep within
Listen to the children sing
Oh hear them say

13. Joyful Noise

Make a joyful noise
Let's disturb the devil
Let's make a joyful noise

Waa-ay oh... x4

Riddle me this riddle me that
Guess this riddle and perhaps not
Whether I'm flush
Whether I'm flat
Who can tell me where it's at
If you don't know
Don't burst your brain
Cause every day is very much the same
Sometimes coffee and sometimes tea
Sometimes sun and sometimes rain
Satan is out for you and me
He's playing a very unfair game
But when all is said and done
He's got nothing to gain

14. Moses

What a good thing we had all those prophets of old to help show us the way
So we could survive even until this day
What a blessed thing
Moses saw pharaoh and his host
Moses Moses Moses saw them coming
Dressed in red dressed in white
By the faith of Moses with his rod
Pharaoh and his host got caught in the Red Sea
Help help help
They cried for help but no one heard their cry
They cried for peace but too late was their cry
Wisdom is better than silver and gold
Long ago this knowledge unfold
Pharaoh never know he was blindfolded
That's why Moses Moses Moses saw them coming
Dressed in red dressed in white
Looking back at the past my blood's running cold
So many many story untold yes
Thousand of prophets got crucified and
The love one's feeling the pain but
Time will tell while we're still alive
Give thanks and praises
Give thanks and praises
