## **1. A Little A This**

A little a this and a little a that  
Makes the world go round  
A little a this and a little a that  
Makes the world go round (repeat)

Wind and fire  
Earth and water  
Sun moon and stars  
Don't forget time and space

There's no reason  
Without an action  
There's no action  
Without reason my friend  
Every living soul  
Has a story  
Whether hot or cold  
We've got our story too

Spin the balance wheel  
Spin the balance wheel  
Spin the balance wheel  
Keep it turning cause

A little a this and a little a that  
Makes the world go round  
A little a this and a little a that  
Makes the world go round (repeat)

Keep your love light  
Keep your love light shining all night  
Keep your love light  
Keep your love light shining all night (repeat)  
Keep your love light shining all night  
Keep it shining bright  
Keep your love light shining all night  
No bother fuss nor fight  
Keep your love light shining all night  
And everything will be all right  
Trials and crosses will always be there  
Created by you and I or someone somewhere  
But no matter what I say  
Don't look back  
We've come a very very very long way  
A chapter a day  
We've come a very very very long way  
Can't stop now

Trials and crosses will always be there  
Created by you and I or someone somewhere  
But no matter what I say don't look back  
Let your heart be pure  
Pure and clean  
No evil thoughts  
Follow your dream  
And you will reach your goal for sure

## 5. Let It Grow

Many many times I've heard the saying

# BOOGIE BROWN PRODUCTIONS

Love is nowhere around  
Many many times I've heard the saying  
Love is nowhere to be found  
No need no confusion  
No need no contention  
No need to look too far  
No need no bloody war  
Just look into your heart  
And there you'll find love  
Search your soul  
When you find love  
Let it grow let it grow  
Let it grow let it grow (repeat)

Love peace joy and happiness  
Let it grow let it grow let it grow  
You may never find it in the  
One whos' always close to you  
You may never find it in the  
Sky or in the ocean blue  
No need no confusion  
No need no contention  
No need to look too far  
No need no bloody war  
Just look into your heart  
And there you'll find love  
Search your soul  
When you find love  
Let it grow let it grow  
Let it grow let it grow (repeat)

Love peace joy and happiness  
Let it grow let it grow let it grow

## **BOOGIE BROWN PRODUCTIONS**

Where is my father  
Mother and children cry  
Send us another Moses  
Hear dem children cry  
Where is my dada  
Mother and children cry  
Tell us no more lies  
Up 2-3-4-5-6-7-8

Who cares who cares who cares  
No one seems to care  
Who cares who cares who cares  
Nobody cares  
Must we fight the devil's war  
Killing one another near and far  
Grandma wept cause she've lost  
Her only son  
Must we fight flesh and blood  
Why can't we live in peace and love  
Grandpa wept cause he've lose  
His only son

### **7. New Old Song**

I'll never run away  
I won't give up the fight  
I'll never go astray  
I won't give up the fight  
Though sometimes feeling gray  
I won't give up the fight  
Oh no not at all  
Freedom is a must  
And a that we truly lust  
Freedom is a must  
So no bother make no fuss  
Freedom is a must  
Don't get caught in the rush  
Freedom is a must  
Cause we won't give up at all  
True love is hard to find  
And that's reality  
So don't preplex yourself  
If you're not guilty  
Jah will see you through  
Prejudice intolerance and hate  
What's the reason  
So many lessons to be learnt  
In every season  
Jah will see you through

# BOOGIE BROWN PRODUCTIONS

Don't let evil eyes  
Kill the child within you  
Don't let greediness  
Capture your soul and defile you  
Do you remember when we used to be  
Just like a river that runs free  
Break down the barriers  
Break down the barriers  
Break them down  
Break them down  
Break them down  
Oh mash them down

## 8. Wake Up

Wake up  
And take your stance  
Wake up  
While you've got the chance  
Wake up  
And take your stance  
Wake up  
From ignorance  
For much too long  
We've been separated afflicted  
But we can work it out  
For much too long  
We've been tricked and misled  
But where there's a will there's a way  
We've been given a shapeless mass  
And a bag of tools  
We've been given a sacred plan  
With a golden rule  
Ways and means and how  
To live together as one  
But there's a reason  
Why we just can't get on  
In the element of greed  
There's no compassion  
It makes no sense to gain the world  
And lose your soul  
Come together  
And don't wait too long  
Oh brother brother sister  
Wake up  
And take your stance  
Wake up  
From ignorance

## **9. Uncle Freddy**

Uncle Freddy  
It's gone bad already  
It's quite deadly  
But hang on steady  
They'll try to push you around  
Treat you like a clown  
Cause you to wear a frown  
But no one get you down (repeat)  
Freddy  
Don't give into the negative  
Hang on  
Don't be threatened by defeat  
Freddy  
We've got to stay with the positive  
Hang on  
You know the victory will be sweet  
Let no let no let no  
Let no let no let no  
Let no let no let no  
Let no let no let no one no one  
Get you down

## **10. One Way Or Another**

One way of another  
We've got to get together  
One way or another  
We've got to come together  
Gone were the days  
When we didn't know  
Gone were the days  
When we couldn't grow  
Gone were the days  
Gone were the days  
Now that we know the truth  
What have we to say  
Now that we know the truth  
What are we gonna do  
Now that we know the truth  
Why not expose it  
Now that we know the truth  
Come on explore it  
Run come over run come over  
Run come over run come over

No excuse for how them school us  
Teach us how to fight  
No excuse for how them fool us

Now we must unite  
Gone were the days  
Gone were the days ( repeat bridge, 1st verse )

## **11. A Little Lovin'**

A little lovin' in the morning  
A little lovin' in the evening for sure  
A little lovin' in the morning  
A little lovin' in the evening  
Keep the devil away far far away  
A little dubbin' in the morning  
A little dubbin' in the evening quite so  
A little dubbin' in the morning  
A little dubbin' in the evening  
Keeps the vampire away far far away  
Though sometimes provoked to anger  
I will not lose my temper  
And if I should live forever  
I will not lose my culture  
Greedy men can take my credential  
But them just can't take my soul  
They may even kill my potential  
But them just can't kill my soul

Ooh-ee I'm feeling good inside  
Cause I know where I'm going  
And I know where I'm from  
Ooh-ee I'm feeling good inside  
Hit mi with the rhythm  
Oh groove mi all night long  
Groove mi groove mi groove mi
